# CHURCHILL ARMS

UPPSALA - THURSDAY, AUGUST 15, 1941

"Home is not a place, it's a feeling." Here at Churchill Arms we welcome both younger and older people alike to enjoy a freshly prepared meal and sample beers and whiskeys from our wide selection gathered from all over the world, at a reasonable price. Our knowledgeable staff can help you pick the best beer or whiskey for your taste, making your evening with us an enjoyable but also educational experience. It is our goal to hold to a high standard, to assist you as our guest in appreciating the food and beverage culture and most importantly enjoying the pleasures they have to offer.

So come and meet your friends (and perhaps make some new ones) in a unique pub environment where the interior has been conceived and designed for that authentic British feeling. From April to October, we are also pleased to offer you the chance to enjoy a beer in the sun. We all know there is nothing quite like a cold beer on a hot summers evening. Come and join us at Churchill Arms where we hope you will feel at home in our own British pub right here in Uppsala!

Both Lancashire and London stake a claim to being the first to invent this famous meal - chips were a cheap, staple food of the industrial north whilst fried fish was introduced in London's East End. In 1839 Charles Dickens referred to a "fried fish warehouse" in his novel, 'Oliver Twist'.

The populace soon decided that putting fried fish and chips together was a very tasty combination and so was born our national dish of fish and chips!

## Did you know that...

*Churchill's mother was an American.*

*In the late 19th century, it was rather common for British aristocrats to marry U.S. heiresses. One such relationship matched Lord Randolph Churchill, the third son of the seventh Duke of Marlborough, with Jennie Jerome, the Brooklyn-born daughter of a wealthy financier. The couple had two children together: Winston in 1874 and Jack in 1880. Yet the relationship purportedly soured, and Jennie was frequently absent. She remained in England following Lord Randolph's death in 1895 and would marry twice more, in both instances to men two decades her junior.*
